

How Can I Visit Your Display Garden ???

*** Our procedures for those wishing to simply visit and enjoy our Display Garden, are different from those customers visiting with the intent of making Nursery purchases; we will cover those details in an upcoming post.

*** For the past 16 years we have grown and enlarged the size of our Display Garden, to the current layout where we are able to offer over **2000 AHS Registered Cultivars** plus Hundreds of Seedlings; and while over 50 of these come from other hybridizers, the majority are a result of our own Hybridizing Program.

*** With the design and layout of the garden, coupled with the number of cultivars featured, we are a destination garden for many folks, drawing not only our local faithful customers, but also visitors nationwide and internationally, and are often invited to host individual tour groups and convention attendees. With our transition last year to a Private Display Garden, we made changes in how one can arrange to visit us.

*** If you are an Existing Customer, Returning Visitor, a Facebook Group Member, or possess one of our Gift Certificates or Postcards: you are already extended an invitation from us to visit in the future; **just simply contact us to schedule a date & time**. Because we generally no longer have regular hours; ***all others must contact us to arrange for a visit.***

*** We will continue to host ***“Special Events”***, to allow for those who cannot commit to a scheduled time; and for 2022 we have 5 planned so far. We will be hosting three ***“Sunday In The Garden – Open Gardens”*** all on **Sundays** from **Noon till 5 PM; July 10th, July 24th, August 7th**. Additionally we will be repeating our popular ***“Evening In The Garden”*** events, and those will also be on **Sundays** from **7 PM till 9 PM; July 17th & July 31st**: so mark your calendars. You will find details for all 5 Special Events posted on our Facebook Page, both on our news feed, or by clicking the “Events” tab.

*** So while this post is focused on individuals “just visiting”, the reality often is that some special daylily(s) will start calling out to them, and they are then inclined to want to purchase. In those situations, we will address the situation so we best meet the needs of our guest, but ordinarily we would accept an order for later pickup, either that day or on a future date; in some situations, especially for those who live a distance away, we can dig an order while they wait; we try to be as accommodating as possible.

*** We continue to be available for group visits; please have your group leader/tour operator contact us to make specific arrangements, keeping in mind that July is Peak Bloom Season.
