

Welcome Back To Everyone, as we prepare for the 2025 Daylily Season !!!

\*\*\* While there is still significant ice and snow on the ground, plus we just finished with some single digit temperatures, warmer weather will soon be upon us; despite that, we have already begun with preparations for our upcoming nursery season.

\*\*\* With 2025, we are celebrating our 20<sup>th</sup> year of operation, and excited with anticipation about the opportunities presented in the upcoming months. While some things will carry on from past years, we will have some changes to implement, as we continue to evolve to best meet the needs of our clientele, plus adjust our business model to accommodate current and future government mandates.

\*\*\* During February, we will be gradually posting here as well as on our Facebook pages, about specific changes we will be implementing, and by March we will try to resume some regular garden posting which many of our Followers and Members have come to enjoy.

\*\*\* As in past years, we encourage you to continue to visit our website, as well as our Facebook pages, where you can not only keep up on what's happening here at our Nursery, but also avail yourself for our must current catalog; we are already accepting orders for June shipping or pickup. As always any orders placed using the 2024 Catalog will be guaranteed the lowest pricing from either the 2024 or 2025 edition, and that stays in effect until the 2025 Catalog is posted.

\*\*\* If you have any questions, email is best at [LastingDreams@verizon.net](mailto:LastingDreams@verizon.net), and watch for our future postings as the weeks unfold.
