With the high standard we require of the plants we sell, as well as changes in availability throughout the season, we reserve the right to restrict the sale and quantities of any plant we grow, for any reason and without prior notice, regardless of our catalog listing; however we strive to be as accurate as possible to avoid any disappointment.

**Rewards Members are always welcome at our series of “Sunday In The Garden” events, and may invite Friends & Family to accompany them as their Personal Guests, plus additional Private Events we may offer to Members throughout the season.**

\*\*\* This is our 21st year of operation, and over those years we have had various methods to provide discounts to visitors, customers, and prospective clients; the challenge has been keeping programs simple and easy to manage, yet exciting for the customer in providing them with attractive opportunities for savings, while acquiring any of the outstanding daylilies we grow.

\*\*\* We've settled on the "Customer Rewards Program" as the best method to achieve this goal overall, as it allows for our customers to add to their collection yearly, knowing they have fixed discounts available in planning their choices. While this program is available to everyone, we will continue to feature unique, event specific discounts for those participating in our "Sunday In The Garden" series, and these are available to Members in attendance.
