

Changes Coming For 2024...

In previous updates to our website, we hinted at various changes we have planned for our 2024 Season, where we will be noting our **19th Year of Operation of our Nursery & Display Garden.**

Because we often have much news to share, we find ourselves trying to cram too much information into each update or Facebook Post, which in turn misses some of our audience who can't devote the time to read everything, thus important items get overlooked.

Over the coming weeks and months, we will post snippets of various changes, and expand on those which require it; our experience is that it will take time before these changes filter through those who follow us on our website, as well as on Facebook, including those who are Members of our Group Pages.

So to start off in the coming year, we are embarking on a long term transition of our Nursery to Mail Order/Online Ordering, and away from set hours and personal appointments for shopping and selection.

For the foreseeable future, we will continue hosting our series of **5 Open Garden Events**, and those will be expanded and enhanced to provide a better visitor experience; however these events, as well as other Special Events/Tours, will be the **only opportunity** to visit our Display Garden, and shop both the Nursery, as well as the Gift Shoppe in person, with appointments reserved for order pickups only.

Watch for our upcoming posts, both here and on Facebook, where we will detail these changes, as well as feature Promotional Offers for the upcoming season.
