

### ***How Can I Purchase Items From Your Gift Shop ???***

\*\*\* Very soon after our initial opening of our Nursery and the Display Garden, we have had a modest Gift Shop available; however as it's incorporated within our sales building, it's always a struggle to feature all the items we have available.

\*\*\* Typically, everyone is drawn to the assortment of ***Daylily themed items*** such as our ceramic mugs, placemats, coasters, artwork, plus much more. The downside is except for those visiting in person, or during special events where we are vendors, much of what we feature goes unseen by most.

\*\*\* However that all changes for 2021, as we introduce our newest business, ***Lasting Dreams Designs***. With this newest venture, not only will the products we currently offer still be available in the Gift Shop, but we are opening other channels of selling our items. Currently we already have a presence on ***Facebook*** and ***Instagram***, and soon will be opening our store on ***Etsy***; in the future we will have a dedicated website with even more to feature.

\*\*\* And what we will be offering will go far beyond what we currently have, because what we will be implementing is ***our own custom designs***, plus ***proprietary artwork and photography*** incorporated into what we produce. It has always been an ambition of ours to combine our ***Love of Daylilies*** with our ***Love of Art and Design***, and now we finally bring those qualities together to share with others.

\*\*\* Imagine seeing your favorite cultivars emblazed not only on mugs and glassware, but also on clothing, accessories, and stickers. In some cases we will produce product ourselves, and in others we will join with a production partner, but in either case you will be astounded with the result.

\*\*\* So to answer the initial question, in order to visit the Gift Shop alone, you would simply contact us to plan a visit. Otherwise it is always available if you are scheduled to view the Display Garden, or coming here to pick up a Nursery Order; and it will be open during most Special Events.

\*\*\* So keep in mind that while everything we will be featuring on-line, through ***Etsy*** and other sites, is available for direct ordering, there will always be ***product exclusive to the Gift Shop*** for visitors to enjoy.
